PROFESSIONAL SUMMARY

Recent Master of Information Technology graduate from RMIT University with professional experience building web applications using JavaScript, Node.js, React, and SQL databases. Demonstrated ability to work in Agile teams, write clean maintainable code, and implement automated testing. Strong problem-solver with excellent communication skills and eagerness to learn new technologies. Ready to contribute technical skills while growing as a software developer.

EDUCATION

Master of Information Technology

Dec 2025

Royal Melbourne Institute of Technology, Melbourne, Australia
GPA - 3.5

Bachelor's in Computer Science Engineering

Apr 2023

Anna University, Chennai, India
GPA-8.72 (First Class with Distinction)

SKILLS

- Programming Languages: JavaScript, SQL, HTML5, CSS3
- Databases: MySQL, MongoDB, TypeORM
- Testing: Unit Testing, Automated Testing
- Frontend: React.js, Bootstrap
- Backend Development: Node.js, REST API
- Version Control & CI/CD: Git, GitHub, Vercel, GitHub Actions, Agile methodologies
- Tools: Jira, AI – Assisted Development

WORK EXPERIENCE

Beta Builders - Web Developer

July 2025 - present

- Built and deployed a static website for a dating app using HTML5 and Tailwind CSS improving load speed by 20% and ensuring smooth display across mobile and desktop.
- Enhanced visibility and engagement by implementing SEO best practices including meta tags, Open Graph, Twitter Cards, and structured data, improving preview quality across 3 major social media platforms
- Collaborated with team through weekly feedback sessions and maintained 10+ structured GitHub commits, ensuring clean version control

NLTVC, Malaysia – Web Developer Intern

Feb 2023 – Apr 2023

- Led backend development of certificate expiry notification system serving 150+ students, improving timely renewals by 90%
- Built backend functionality using PHP to automate certificate tracking, database queries, and email notifications
- Coordinated with team members on the company's internal GitHub-like platform, maintaining a clean commit history and driving workflow improvements.

PROJECTS

» Theory of Change for Visualization – Quality for Outcomes, RMIT:

React, Typescript, CSS, Node.js, Vercel, Supabase

- Implemented responsive design using CSS and modern React patterns, ensuring accessibility and cross-browser compatibility.
- Developed and tested the frontend for a data-visualisation web app in an Agile team environment.
- Built backend logic using Node.js and TypeScript, integrating REST APIs with Supabase for data persistence.
- Deployed final build on Vercel following CI/CD principles.

» TeachTeam - Tutor Hiring Management System, RMIT:

React, TypeScript, Node.js, Express, MySQL, TypeORM, GraphQL, REST API

- Developed full-stack tutor hiring system with Node.js/Express backend, MySQL database using TypeORM, and GraphQL admin dashboard for automated reporting
- Implemented RESTful APIs with user authentication, data validation, and unit testing to ensure reliability and data integrity
- Built search and filter functionality with optimized database queries on normalized schema

» Sivam Sarees (In Progress):

Typescript, MySQL, TypeORM, REST API

- Designing a full-stack e-commerce order system with features including user authentication, product catalog, shopping cart, and order tracking.
- Building RESTful APIs using Node.js and TypeScript, implementing TypeORM for database management with MySQL.
- Focusing on secure transaction handling, input validation, and responsive UI design for seamless user experience.

OTHER EXPERIENCE

TELUS International - Personalized internet assessor

Sept 2024 – Present

Woolworths – Team member

Dec 2025 – Present

ADDITIONAL SKILLS & INTEREST

- Bilingual in Tamil and English with strong written and verbal communication skills developed through technical presentations and academic projects.
- Trained in Bharatanatyam for 9 years including 2 years of teaching experience, demonstrating leadership, discipline, and mentorship abilities.
- Active team player with 5 years on school throwball team, showcasing collaboration and resilience in competitive environments.
